FROZEN DESSERTS

OUR STORY

YOUR PERSONAL PARTNER IN GOOD FOOD AROUND THE GLOBE

Smelling, touching and tasting our fresh products in person. At Fedeco, this is how we make sure that we always provide you with the very best range of frozen foods. Sourced from farmers, growers and other food producers with whom we have close relationships.

From the source, we supply you with every frozen fresh product in top condition. Irrespective of where in the world you may operate, always flexibly catered to your requirements. Under your own private label or through one of our familiar brands.

HOW WE OPERATE

Whether you are a retailer or active in the food services sector: Fedeco is your partner for the entire process from source to delivery. Our highly motivated team comprises professionals with a strong passion for and in-depth knowledge of food and logistics.

Every step is in safe hands with us and always traceable. Quality, food safety and sustainability go hand in hand. All with the aim of consistently providing you with a comprehensive range of top-quality frozen fresh products on time.

PROUD OF THE ORIGINS

The perfect potatoes for fries from Belgian and Dutch fields, juicy blackberries from Eastern Europe, our world-famous Belgian sprouts, broccoli from Spain... We want to be able to personally smell, touch and taste all our fresh produce, traceable to the source. Therefore, we only work with quality suppliers with whom we have close ties.

INVOLVED IN EVERY STEP

Our great commitment applies to all steps. We ensure that our frozen fresh products always reach you in top condition. Freezing takes place directly at the source using a high-quality process, in close collaboration with qualified partners. As a result, each fresh product retains its optimum quality.

We pack the frozen fresh products according to your own specifications. Retail packaging or food service cartons, under your own private label or via one of our well-known brands: Fedeco can make it happen.

TRANSPORT FROM SOURCE TO DISTRIBUTION CENTRE

From the source, we deliver every frozen fresh product in top condition to your local port or right up to the front door of your distribution centre. Together we determine the desired transport conditions. We carefully select our transport partners for quality and reliability. Every transport is fully climate-controlled and the cold chain never disrupted. Through track & trace, we closely monitor every step to always know the location of your shipment in the logistics chain.

Every shipment is accompanied by the correct customs documents and (health) certificates. All with the aim of always serving you in the best possible manner.

OUR BRANDS

DIAMOND CROWN

Our trusted brand in South Africa. For a quarter of a century already, our well-known Diamond Crown brand has served as the valued partner of food service and retail parties in South Africa for the supply of high-quality fries and vegetables.

SNOW FOX

Our still young brand Snow Fox offers you the opportunity to markedly renew your frozen product range. Dive along with the Snow Fox and discover our delicious, frozen fresh vegetable mixes. Selected by the fox and preserved by the snow.

POTATO PRODUCTS

Fedeco has direct access to the nearby potato cultivation areas in Belgium and the Netherlands. From the wide range of varieties at our disposal, we select the potato products that match the taste preferences and quality standards of your consumers.
